### Guaranteed or Not Guaranteed

The Waltham Watch Company will guarantee in the broadest possible way any Waltham Watch bought from a reputable jeweler, but it will not guarantee a watch purchased by mail from the catalogue of any mail order house. When you get a watch from a jeweler, he sees that it is going right at first, because he knows how to touch it up; but even so, if your watch fails later in any way, we will make it good, provided only that it has been bought from a reputable dealer. We cannot guarantee any of our watches that may have been bought from mail order houses. We do not sell to them. Any mail order house advertising Waltham Watches in their catalogues know when they do it that they can only get them by underground methods.

### Waltham Watch Company Waltham, Mass.

N. B.—When buying a watch always ask your jeweler for a Waltham adjusted to temperature and position.

## LIGHT COMPANY TO REBUILD THE BRIDGE

An agreement has been entered into between the commissioners of Weber county and the Utah Light & Railway company, by which the latter assumes responsibility for the destruction of the county bridge at the mouth of Ogden river and they will replace it, to the satisfaction of the commissioners.

E. H. Dundis, a competent bridge builder of Salt Lake, will have charge of the new construction. He was on the ground yesterday making calculations for the work, which, he said, would be started immediately.

Mr. Dundis assures the county commissioners that the new bridge will be ready for use within thirty days.

It is understood that the structure will be of steel, and that it will be as good a bridge in every respect as was the old one. Most of the wooden part of the old bridge has been removed from the river bed, but nearly all of the steel remains there. Mr. Dundis will remove the heavy steel girders from the river and will take the steel as compensation, so that, Commissioner Madison says, the county will be put to no expense in the removal of the old bridge nor in the construction of the new.

## PLANS READY FOR NEW SCHOOL HOUSE

Plans for the proposed new school building on Indian avenue and Twenty-third street have been completed by the architects and will receive consideration at the hands of the board of education in the near future.

The building will be modern in every respect and it is anticipated that it will cost in the neighborhood of \$25,000. It will contain twelve rooms.

The construction of the building will begin as soon as the ground is vacated. Members of the board state that the new building is very much needed, not only to offer desired accommodations for children living in the northeast part of the city, but to relieve other schools of a crowded condition.

## ENTERS FIGHT TO ABOLISH TOBACCO

Davis county was the scene of activity on the part of Juvenile Judge Gunnell this week. Kayville and Farmington were visited and various affairs of the youngsters and those responsible for their conduct investigated.

The judge visited the schools of those cities, also, and upon the invitation of the principals, made half a dozen addresses to children and teachers.

The school buildings, Judge Gunnell says, are large, handsome and well arranged, the teachers all of that could be asked, play grounds ample, the children bright and of fine appearance. The use of tobacco by boys in towns and country districts is too common, the juvenile officers think, and the judge has directed that an active campaign against the practice be inaugurated and kept up.

## STRANGE & MAGUIRE NOW INCORPORATED

Salt Lake, Jan. 22.—Strange & Maguire, who have the contract for paving Third South street, hereafter will do business as a corporation. Two sets of articles of incorporation were filed with the county clerk Friday for the purpose of carrying on the business of the firm.

One is the Strange-Maguire Construction company and the other is the Strange-Maguire Paving company. The same parties are officers and stockholders in both corporations. The former company is capitalized at \$20,000, divided into shares of the par value of \$10 each, and the other is incorporated for \$25,000, with shares of the par value of \$10 each. V. P. Strange is president and treasurer of both companies. J. C. Maguire, vice president and secretary of both. These, with Arthur Sullivan, H. W. Horne and George W. Parks, compose the board of directors of both companies.

J. C. Maguire owns 180 shares in the construction company and 250 shares in the paving company, while W. P. Strange owns 1 share in each. The other directors own one share each in the two companies.

Articles of incorporation of the Thomas Sand and Gravel company of this city were filed with the county clerk. The capital stock of the company is \$10,000, divided into shares of the par value of \$100 each. Albert Thomas is president and D. F. Doane secretary. These, with Fred Smith, compose the directorate.

### WITH CALL QUIET WEEK IS ENDED

Few Stocks See Trade But 'Change Exhibits Weakness Toward Close.

Salt Lake, Jan. 22.—There were no features worthy of mention on the local stock exchange this morning, the last call for the week seeing the market in rather a weakened condition. Colorado, Iron Blossom and Sioux Con. were traded in to some extent and prices were declined during the session in each instance. Columbus also lacked support and touched a new low mark of 80 cents, while Grand Central was hammered down from an opening at \$1.80 to a close of \$1.75, sales being made as low as \$1.72½.

### PROFIT TAKING ON EXCHANGE

Speculative Surmise Deals With Approaching Dividend of U. S. Steel.

New York, Jan. 22.—There was a disposition to press stocks for sale to take profits on the stock market today. Even where there was a further rush of buying orders they were met by selling orders of that character, with effect on prices. The coming dividend action by United States Steel at next Tuesday's quarterly meeting absorbed a large share of speculative surmise. The rumor that showed most vitality and persistence was that an extra dividend in addition to the regular 1 per cent quarterly would be declared, sufficient to bring the distribution for the calendar year up to 4 per cent. This would call for three-fourths of one per cent besides the regular dividend. The prevalence of this rumor proved a powerful incentive to speculative buying of the stock and carried the price up to 89, a rise of 7-8 over the low price touched in the slump on Wednesday. Foreign influences were helpful to values. The abrupt interruption of the rise in United States Steel, which caused the stock to react over 2 points, wiping out its rapid advance, made the closing tone very unsettled.

The surprise in the bank statement was the \$20,000,000 to an expansion reported by the clearing house banks. Bonds were steady. Total sales, par value, \$1,755,000. United States 2s declined 1-8 per cent on call during the week.

## ADVANCE HOLDS TO WHEAT THROUGHOUT

Chicago, Jan. 22.—In the wheat pit today a well defined advance at the start kept its hold on the market throughout the session. Prices during the day moved over a range of from 1-2 to 7-8.

May touched 111-7-8 and later dropped to 111, closing strong at 5-8-3-4 higher than yesterday's final figures at 111-3-8.

Corn prices started comparatively strong, but weakness induced by a flood of selling orders carried prices down over a range of from 7-8 to 1-1-8. The close was weak at nearly the low point of the day, with May 5-8-3-4 lower than yesterday at 61-3-8-61-4.

Trade in oats exhibited the general characteristics of the corn market, advancing early and falling off later.

May touched 48-7-8 and fell off to 48, closing at 48-48-1-8, 3-8-1-2c lower than the previous final quotations. There was a marked decline in provision values. January pork closed at \$20.90, 35c lower; lard at \$21.35, 30c lower, and ribs at \$11.50-2, or 42-1-2c lower than yesterday's final figures.

### WESTERN RAILROADS SHOW WEAKNESS ON MARKET

New York, Jan. 22.—Stocks today showed great animation in the opening dealings but the changes were generally small and on the side of the gains with a few exceptions. United States Steel was a feature, with simultaneous sales of 18,000 shares, at \$7 to \$7-5-8, compared with \$6-3-4 last night. Missouri Pacific, American Car, American Beet Sugar and American Hide and Leather, pfd., rose large fractions.

Stocks were offered freely around the opening figures and after a feeble rally the list sold off sharply. United States Steel receded to yesterday's closing figure.

Western railroad stocks and a few specialties were the chief points of weakness. Amalgamated Copper declined 1-4 and Union Pacific, Northern Pacific, Consolidated Gas and Pullman 1. Chicago & Alton went down 3 points on light selling.

Chicago Livestock. Chicago, Jan. 22.—Cattle—Receipts estimated at 2,000; market weak; beefs \$4.10-7-60; Texas steers \$3-80-4-00; western steers \$4.00-6-00; stockers and feeders \$2.90-5-25; cows and heifers \$2.00-5-40; calves \$7-50-10-00.

Hogs—Receipts estimated at 17,000; market weak to 5c lower; light \$8-20-25; mixed \$8-50-55; heavy \$8-30-35; rough \$8-30-35; good to choice heavy \$8-45-70; pigs \$7-10-18; bulk of sales \$8-45-60.
